NYSCA Partnerships

Application to this opportunity is by invitation only.

INTRODUCTION

To provide more opportunities for artists and arts organizations, NYSCA partners with non-profit organizations to administer targeted funding not directly offered within NYSCA Support for Organizations. Applicants are invited based on an identified, unmet need, as well as their service capacity.

Partnerships cover a range of services from the administration of regrant and technical assistance funds to grants for targeted support with a focus on creativity and public engagement.

Administrative costs for delivery of services can vary depending on the nature, depth, and scope of the work, but should rarely exceed 15% of the overall partnership costs. Organizations receiving support for Partnerships are required to report on the distribution of funds, including a description of the demographics of the recipients.

There are three opportunities within these guidelines: [Partnerships](#), [Statewide Community Regrants](#), and [Upstate Regrant Initiative](#).

Applications will be evaluated according to the following three criteria: **Creativity**, **Public Service**, and **Managerial & Financial**.

For questions, please contact Program Staff in the discipline area most aligned with the partnership. View contact information here: <https://arts.ny.gov/contact>

We believe that:

- Strong arts and cultural organizations are vital to connecting the arts to people's lives.
- Every citizen of New York State can have a meaningful connection to creativity and every community has a right to cultural self-determination.

- Competitions and contests
- Components of an organization's budget that are not directed towards programs in New York State
- Entertainment costs for receptions, openings, and fundraising benefits/events
- Major expenditures for the establishment of a new organization
- Costs of lobbying activity

STATEWIDE COMMUNITY REGRANTS

Application to this opportunity is by invitation only.

The **NYSCA Statewide Community Re grants** (formerly the Decentralization Program) fosters the continuing development of arts and cultural resources in response to the needs of local communities in each of the 62 counties of New York State. Statewide Community Re grants (SCR) invest NYSCA funds to serve all communities and people who comprise New York State's citizens and visitors. NYSCA strongly supports, values, and encourages the sustained and concerted efforts of non-profit art and culture organizations to be inclusive and have its workforce, artists, and programmatic offerings reflect New York State's diversity of people, geography, and artistic interests.

The Basic Principals of SCR

- **Local Decision-Making**: A peer panel review process forms the core of local decision making.
- **Technical/Developmental Assistance**: SCR sites actively assist individual artists and arts groups in their efforts to gain tools they need to improve their ability to serve their community.
- **Outreach**: SCR is for everyone. SCR sites are expected to build strong outreach efforts that make program resources evident and available throughout the service area.

Statewide Community Re grant sites are a network of non-profit organizations that serve local and regional cultural organizations and artists through three categories of support: *Community Arts* (required), *Arts Education* (optional) and *Individual Artists* (optional). In addition to administering SCR Re grants, SCR sites provide technical and organizational development assistance essential to successful community cultural development. SCR site administration is governed by a set of procedures outlined in the *SCR Manual* issued by NYSCA and available at every SCR site.

Program Goals

The SCR program provides project support to a wide range of professional, vocational, and educational arts and culture organizations through three categories of support: ***Community Arts, Arts Education, and Individual Artists***. All SCR sites are required to offer the *Community Arts* category but may opt-in to offer additional grant opportunities through the *Arts Education* and *Individual Artist* categories.

Community Arts grants constitute the majority of SCR re grant activity. These re grants provide support for arts and cultural projects to community-based organizations, groups, collectives, or artists. SCR support enables emerging artists and organizations to grow professionally and enhance the cultural vibrancy of communities and neighborhoods where they live and operate. Community Arts Re grants are capped at \$5000.

- *Arts Education* (AE) grants support local cultural organizations and/or teaching artists in providing meaningful arts education for PK-12 public school students and senior adults. AE funds serve to bring teaching artists and their classroom skills into dedicated learning environments for all ages. The *Arts Education* category offers two funding strands: *PK-12 In-School Projects* and *After-School and Community-Based Learning*. Funds can

support sequential arts education projects that take place in-school during the school day and/or after-school and community-based settings for youth and/or senior learners. A maximum of up to 25% of the total SCR budget may be allocated to the *Arts Education* category. Arts Education regrants are capped at \$5000.

- *Individual Artists* (IA) grants support individual professional artists for the creation of a new work in a community setting. This opportunity represents a “live & work” investment in local artists. SCR sites administering this regrant opportunity must be prepared and willing to work with artists to help facilitate the execution, promotion, and community engagement component of the project. A maximum of up to 25% of the total SCR budget may be allocated to the *Individual Artist* category. Individual Artists regrants are capped at \$2500.

Prerequisites

SCR applicant organizations must meet the following minimum criteria:

- The organization sustains an evident and substantial commitment to arts and culture with a prior record of accomplishment in producing, presenting, or providing cultural activities and/or services across arts disciplines.
- The organization must have sufficient organizational resources to provide professional outreach, and technical and developmental services.
- The organization must employ a full-time paid Executive Director and must employ a qualified staff person designated "SCR Coordinator".
- The organization must demonstrate fiscal stability as indicated by such factors as a positive fund balance, an absence of substantial, recurring organizational deficits, a realistic and balanced organizational budget, diverse revenue sources, and strong internal controls.
- The organization must maintain a designated bank account restricted to SCR regrant funds.
- The organization must have a viable board of directors, with officers, that exercises oversight and accountability for governance, operations, programming, and finances along with an advisory committee representative of the service area to make recommendations on program policy and funding priorities.
- The organization must maintain an SCR Work Plan that is revised annually. The Work Plan serves as a set of policy recommendations, goals, and action steps for overall cultural development within the SCR service area and is inclusive of outreach and development strategies. It is an action plan that is revised annually and identifies the areas of focus and goals for the coming SCR year. The Work Plan is evaluated on:
 - The scope of efforts to identify, reach and serve the full diversity of constituents in the SCR service area.
 - The effectiveness and professionalism of communications with local artists, arts groups, community residents and stakeholders.

- The quality and consistency of the grants management process, including guideline development, annual grant reporting, panel process and grants awards and auditing processes.
- The quality and consistency of efforts to provide year-round technical and developmental assistance to community-based organizations and local artists.
- The extent of the organization's commitment to provide adequate resources (beyond NYSCA) to operate an effective SCR Program.

In addition, grantees are required to:

- Maintain a current Local Procedures Manual describing the operational details of the local SCR program.
- Adhere to statewide program guidelines as outlined in the SCR Manual.
- Present an annual Regrant Awards Ceremony that is free and open to the public.

Statewide Community Regrants Site Administration

NYSCA provides **Statewide Community Regrants** site administration funds. These funds cannot exceed 30% of the total award. The SCR site administration portion of the request details expenses incurred in administering the local SCR program, primarily salaries, as shown on the budget form. NYSCA recognizes that this administrative support generally does not meet the full administrative expenses of the regrant program.

Organizations holding FY2023 multi-year awards in the SCR regrants program must decline their existing multi-year grant to apply to the FY2023 SCR Upstate/Long Island Recovery Initiative.

Reports

Any FY2023 SCR Upstate/Long Island Recovery Initiative grantee receiving over \$500,000 shall, in addition to the reports listed in the FY2023 Application Manual, submit quarterly interim reports throughout the activity period that includes bank statements and an interim regrant report.

Grant Period

NYSCA will generally make awards under the two FY2023 SCR regrant categories for activity that takes place:

- between July 1, 2022 and December 31, 2023 if applicant's FY22 SCR regrant grant contract period commenced on July 1, 2021;
- between January 1, 2023 and December 31, 2023 if applicant's FY22 SCR regrant grant contract period commenced on January 1, 2022.

Applicants in the SCR Upstate/Long Island Recovery Initiative may request that the grant activity period include an additional 12-month period through December 31, 2024, provided that submitted workplans and budgets separately reflect this additional 12-month activity period with at least one additional regrant cycle. If a grant is awarded for this longer period, the applicant will not be eligible to apply for a new FY2024 SCR regrant award as the FY2023 grant would cover the SCR regrant activity.
