About the New York State Council on the Arts (NYSCA)

Mission

The New York State Council on the Arts is dedicated to preserving and expanding the rich and diverse cultural resources that are and will become the heritage of New York's citizens. The Council believes in supporting the following:

- Artistic excellence and the creative freedom of artists without censure, and
- The rights of all New Yorkers to access and experience the power of the arts and culture, and the vital contribution the arts make to the quality of life in New York communities.

NYSCA strives to achieve its mission through its core grant-making activity and by convening field leaders, providing information and advisory support, and working with partners on special initiatives to achieve mutual goals. Further, NYSCA's vision for cultural development in the State is reflected in the following goals:

- Sustaining a vital ecosystem of individual artists and cultural organizations that supports the creation, presentation, critical review, and distribution of the arts and culture;
- Celebrating our rich range of artistic and cultural resources inclusive of diverse cultures and aesthetics;
- Encouraging artistic and discipline field advancement;
- Broadening public access, appreciation, participation, and education in the arts and culture throughout the State; and
- Providing recognition and professional advancement for artists and arts administrators.

Values

At NYSCA, our efforts are guided by our belief in the fundamental importance of arts and cultural expression in people's lives and a commitment to serving our three constituencies: artists, arts and cultural organizations, and the public. We believe that:

Artists are at the center of creative endeavor. Therefore, we are committed to providing artists with opportunities for artistic development and the public presentation of their work. Toward this end, the Council encourages arts and cultural organizations to work with artists to support the creation, presentation, and dissemination of their work, and serves as an advocate on artists' issues.

Strong arts and cultural organizations are vital to connecting the arts to people's lives. We are committed to assisting a wide range of arts and cultural organizations – small and large, new and established – to achieve their artistic, programmatic, educational, community, and organizational goals. As the arts field evolves and changes, NYSCA seeks to support organizational development and ongoing professional development, continuity of leadership, and improvement of professional conditions for leaders within cultural organizations.

Every citizen of New York State can have a meaningful connection to creativity and every community has a right to cultural self-determination. The Council is also committed to make the arts accessible to all the citizens of New York State. We aim to support worthy artistic and cultural activities that serve traditionally underserved communities or populations. These are the racially or culturally diverse, economically disadvantaged, people with disabilities, rural populations, and those who may experience discrimination on the basis of age, gender, or sexual orientation. We are committed to fostering public understanding and enjoyment of arts and culture through support of arts education, public participation, and lifelong learning programs in schools and community settings for children and adults.

Grant Amounts

The Council's overall funding is determined annually during the State's budgeting process and approved by the NYS Legislature. There is no assurance that the Council's funding awards will remain the same over an annual or multi-year term.

Previous grant funding from the Council does not guarantee support in any succeeding year, and past grant funding amounts are not indicative of future funding levels.

The Council does not make grants in amounts less than $2,500, nor does it make grants that would constitute the sole source of financial support for an organization.

The Council rarely funds more than 50% of a project's entire budget, and in the case of requests for general support, the Council rarely funds more than 25% of an organization's budget.

Single-year and Multi-year Grants

Some Council grants are awarded on a single-year basis, and some grants are awarded on a multi-year basis and are renewable for up to five years.

Organizations with a continuing multi-year grant or grants must register each of those grants in the NYSCA system for each year they are in effect. Failure to register a continuing multi-year grant will result in cancellation of the grant.

Multi-year support is awarded when the panel, staff, and Council agree that a similar level of service or activity will be sustained by the applicant organization over successive years. Multi-year grants represent the Council's agreement to offer successive years of support without requiring a full application and review of the grantee in the succeeding years. Annually, multi-year grantees are required to: update the Organizational Information Profile, register for continued multi-year support, notify Council staff of their programming, activities and any major institutional changes, and file annual final reports.

Funding Restrictions

Limitations of the Number of Applications

For FY2019, organizations are limited to two grant requests each. Each ongoing multi-year grant counts as one of these requests. Please note that the following categories are exempt from the two request limit (in other words, requests in these categories do not count towards an organization's limit of two requests).

- Architecture and Design Program - *Independent Projects category*
- Dance Program – *Rehearsal Space and Residencies category*

Electronic Media & Film Program – *Workspace, Art & Technology category*
- Facilities Program - *All categories*
- Folk Arts Program - *Apprenticeships category*
- Folk Arts Program - *Regional and County Folk Arts Programs category*
- Individual Artists Program – *All categories*
- Literature Program –*Translation category*
- State and Local Partnership Program - *Decentralization category*
- All Programs - *Regrants and Partnerships category*

Ineligible Activities

New York State law and Council policy restrict the types of activities and expenditures that the Council may fund. The Council is unable to award funding for the following:

- Accumulated deficits and debt reductions
- Activities not open to the public, for example, activities restricted to an organization's membership. Funded activities must be open to the public and promoted as such
- Competitions and contests
- Components of an organization's budget that are not directed towards programs in New York State
- Entertainment costs for receptions, openings, and fundraising benefits/events
- Major expenditures for the establishment of a new organization
- Operating expenses and fellowships at professional training schools that are not open to the general public
- Operating expenses of privately owned facilities (such as homes and studios)
- Out-of-State travel expenses
- Programs of public school districts or their components or affiliates
- Programs that are essentially recreational, rehabilitative, or therapeutic
- Programs of New York State agencies or departments
- Requests for amounts that are greater than an organization's total operating expenses minus its total operating income
- Programs of public colleges and universities except under limited circumstances. Entities with close public college or university affiliations will be examined on a case-by-case basis to determine eligibility. **Such applicants are strongly advised to contact Council program staff listed on page 2 of this document in advance of the registration deadline to determine eligibility.**

Application Timeline

1. *Open Period*

For FY2019, the grant opportunity timeline will commence with an open period during which NYSCA staff members will be available to answer questions that arise during the development of a funding proposal. NYSCA encourages all applicants to consult with Program staff regarding the types of programs that can be funded as well as to secure input on how best to complete their application well before the application period opens.

Contact information for this program is included on page 2.

2. *Application Period*

The application period opens on February 21, 2018. To establish a complete application, each applicant must register their request in the NYSCA system **and** submit a Grants Gateway application for each program they are applying to. To ensure the fairness of the FY2018 NYSCA application process for all NYSCA applicants and in compliance with New York State procurement guidelines, Program Staff will not be able to discuss or review application contents or answer substantive questions about proposed projects or program guidelines once the active application opens.

However, NYSCA and Grants Gateway staff are always available to answer any technical questions about how to utilize the NYSCA or Grants Gateway systems. Please do not hesitate to contact NYSCA's offices with questions. Phone: 212-459-8800. NYSCA has a Help Desk designed to assist applicants with the technical aspects of the online application process.

Grants Gateway staff is also available to answer technical questions about the Grants Gateway system. They can be contacted at grantsreform@its.ny.gov; or (518) 474-5595.

Please note that as the application deadline approaches, staff receive a high volume of calls and emails and response times may slow. We strongly urge all applicants to begin the prequalification and application process as soon as possible.

3. *Applications Due*

Applications are due at the date and time established on page 2 of this document. **When submitting your application in the Grants Gateway please be aware that only a Grantee Contract Signatory or a Grantee System Administrator can submit an application on behalf of your organization. Other roles may be able to initiate an application but the actual submission must be completed by the roles previously mentioned. If you are signed in to the Grants Gateway with any other role you will not be able to submit your application.** Applications submitted after the deadline will not be eligible for funding.

Overview of the Application Process

The following sections provide an overview of the steps needed to complete an application by various types of applicants. Organizations applying on their own behalf will follow the steps outlined in the Standard Instructions section below. Organizations applying as a fiscal sponsor for another organization will follow the steps outlined in the Fiscal Sponsor Instructions.

All successfully submitted applications will be reviewed and evaluated by NYSCA staff, advisory panels and Council. Funding notifications will be issued in Fall 2018. **All new FY2019 contracts will be issued on or around January 1, 2019 and will have a January - December 2019 contract term. This is the period in which the funded activity must occur. Please plan accordingly.**

Visual Arts (VAP) offers support to a wide range of contemporary art activity for the benefit of the public and the advancement of the field. Visual Arts considers living artists to be of primary importance to the visual arts field and directs the majority of its funding to organizations that present visual artists who reside in New York State. Supported activities may include exhibitions, installations, workspace facilities, residencies, publications and critical writing. The goals of Visual Arts are to: Assist New York State visual artists in their efforts to create, present and exhibit new work. •Interpret the work of contemporary visual artists to the public. •Encourage dialogue and critical commentary about the visual arts. •Present high-quality contemporary work that expands traditional parameters and reflects the diverse ethnic and cultural profile of the state. Individual visual artists are not directly funded through this program area. Information on artist fellowships is available at the New York Foundation for the Arts (www.nyfa.org). The NYSCA grant program strives to make investments of public funds that serve all communities and people that comprise New York State's citizens and visitors. NYSCA strongly supports, values and encourages the sustained and concerted efforts of non-profit art, culture and heritage organizations to be inclusive and have its workforce, artists and programmatic offerings reflect New York State's diversity of people, geography and artistic interests. Funding Criteria

The Council, program staff and panelists use the following three primary criteria outlined in statutory requirements to evaluate all grant applications.

Service to the Public

As a public funder, NYSCA must ensure that its grants support a broad array of cultural activity that fully represents the diversity of the State and that the supported events are accessible to the broadest possible public in every region of the State. In addition, it must ensure that the organization's and events it supports complies with public safety and accessibility laws. The following are considered elements of service to the public. Applicants will be evaluated based on their strength in these areas.

Promotion and Outreach: an organization demonstrates that it makes significant efforts to reach a broad and diverse audience through marketing and public relations efforts.

Audience Development: the organization offers thoughtful and well-designed educational and interpretive activities that help build audience appreciation and understanding of the organization and its work.

Audience/Visitor Participation: the organization's commitment to its programs and activities as demonstrated through attendance data (relevant to the population of the community served) as well as customer satisfaction surveys (if available and appropriate).

Safety & Accessibility: the activities and events that support is being sought for will take place in venues that are fully accessible to the public and comply with all safety and accessibility standards.

Diversity of Programming: programming reflects significant efforts to reach a broad array of artists and audiences.

Community Service: the organization brings value to its community through partnerships with local businesses and schools, free and low-cost events, and in other appropriate ways.

Artistic/Programmatic Excellence

NYSCA believes in artistic excellence without boundaries, and its evaluation process embraces the widest variety of cultural and artistic expression being offered to the public in a broad array of settings and contexts, including classrooms and community centers, parks, open spaces, and traditional venues.

NYSCA considers four dimensions of proposals when evaluating applications:

Idea: the concept or artistic impetus behind the artistic work or services proposed.

Practice: the effectiveness of the artistic work and the impact it has on those experiencing it, or in the case of services, the effectiveness of the services in practice and their impact on the community served.

Development: the contribution the artistic work makes to the development of the artists involved, the art form, and the arts generally, or for services, the contribution the services make to the development of a vibrant arts and cultural community in the State.

Context: the context in which the work or services are being presented and the appropriateness of the work or services in that context.

Managerial/Fiscal Competence

As a public funder, NYSCA must ensure that funded organizations are capable of carrying out their proposals and will be ethical and effective stewards of public funds.

NYSCA considers four dimensions of managerial competence when evaluating applicant organizations.

Mission: The organization's activities must relate directly to its written mission statement. A mission statement should (1) define the organization's purpose for being and core values, (2) determine its structure, functions and purpose, (3) be approved by the organization's board, and (4) be reviewed regularly and updated when appropriate.

Governance: The organization should have a governing board of directors or trustees, and that group should be diverse and appropriate to the mission of the organization. The board should provide administrative, financial, and ethical oversight for the organization by:

- Adopting enabling documents, including by-laws and a mission statement, both of which are reviewed at regular intervals
- Selecting a chief executive and annually reviewing her/his performance
- Reviewing and approving the annual budget and ensuring that proper financial controls are in place
- Engaging in adequate fundraising for the organization by making a personal contribution to the organization and actively soliciting support on its behalf
- Ensuring fiscal and programmatic integrity and maintaining accountability by upholding legal standards and ethical norms
- Maintaining and enforcing a conflict of interest policy
- Ensuring effective organizational planning by participating in an overall planning process and monitoring its implementation
- Recruiting and orienting new board members and assessing board performance
- Enhancing the organization's public standing and value
- Understanding, monitoring, and strengthening the organization's core programs and services

Organizational Management: Organizational management will be assessed based on the extent to which the leaders of the organization comprehend their roles, advance the mission, and plan for the future. Responsible management hinges on the:

- Existence of a professional staff appropriate to the size and mission of the organization
- Implementation of board policies by professional staff
- Comprehension, review, and revision of policies by staff and with the board as needed
- Preparation of a year-end statement of the organization's financial condition and program activities
- Offering of competitive compensation and health benefits to employees
- Appropriate compensation of artists
- Existence of personnel policies that include job descriptions and performance evaluations for board members, staff, and volunteers
- Development and implementation of a strategic plan incorporating input from the board, staff, community and other stakeholders.

Financial Management: The organization will be evaluated based on whether it provides adequate human and financial resources to enable the organization to work toward fulfilling its mission and managing those resources appropriately. Successful financial management includes:

- Raising adequate financial resources for operating costs, cash reserve, endowment, and short and long-term capital needs

- Developing a balanced operating budget which includes contingencies, contains realistic projections of revenues and expenses, and is approved by the board
- Reviewing revenues and expenses in relation to budget at regular intervals and taking steps to raise funds or cut costs when necessary to balance the budget
- Establishing a finance committee that meets regularly to review financial statements and that reports directly to the board
- Engaging an independent financial auditor that reports directly to board
- Engaging in cost-effective fundraising activities.
- Written financial policies exist that govern investment of assets, internal control procedures, purchasing practices, reserve funds, compensation expense account reporting, and earned income
- Internal financial processes are monitored, including handling of checks, petty cash, cash disbursements, and payroll management, in order to prevent errors and misuse of funds
- The use of restricted funds is monitored
- Reports comparing Adopted Budget to actual revenue and expenses are made available to appropriate staff in a timely manner
- There is a fund development plan that ensures a diversified funding base
- Financials demonstrate diversified funding base
- Budget variances of more than 10% are noted and explained
- Operating deficits are explained and there is a deficit reduction plan for accumulated deficits.

Educational Impact

The nature and extent of the applicant's planned efforts to educate and orient the public about the proposed project or activities of an organization

Geographic Location

The scarcity or availability of comparable services or activities in the geographic region in which proposed services or activities will take place

Funding Availability

The nature and extent of the availability of other public and private funds to support comparable activities

Application Review Process

The Council uses a multi-step process involving program staff, peer review panels, a committee of Council members, and the full Council, as described in more detail below.

Staff Review

Once an organization submits a request, the Council's program and administrative staff verify applicant eligibility and review application materials according to the Council's **primary criteria** identified above and program- and category-specific guidelines. Staff may meet with representatives of the organization, visit facilities, and attend programs to become familiar with the organization and its work.

Peer Review Panels and the Rating System

After staff review, the peer panel convenes with program staff present in each program category. The panel is composed of at least seven people and represents a diverse group of professionals from across the State. Each member has relevant and specific expertise. NYSCA accepts nominations for panelists from the general public. To nominate an individual for panel service consideration, visit the panelist nomination page.

Staff review results are shared during panel meetings. The panel evaluates and rates each request on a scale from 1-9 according to the Council's three primary criteria:

- Artistic/Programmatic Excellence
- Managerial/Fiscal Competence
- Service/Outreach to the Public

Each request is individually rated by each panel member during a meeting. These ratings are then aggregated to one average score for each request. These ratings are primary to informing the funding recommendations made by NYSCA Program staff for consideration by the appropriate Council Committee.

Staff assigns recommended grant amounts to each request based on the ratings, panel discussion, and the budget allocation to the program. Staff also prepares panel comments which reflect the discussion at the panel meeting. These panel comments help Council Committee and Council members understand the major issues that surfaced during panel discussions. These panel comments are available to the applicants if requested, and become part of the applicant's funding history within the NYSCA.

Council Committees

Funding recommendations, panel ratings and panel comments are presented to the appropriate Council Committee for review and discussion. The Council Committees make funding recommendations to the full Council. Council Committee meetings are open to the public and are webcast. These webcasts are archived and available to the public on the NYSCA website at www.arts.ny.gov.

There are two committees composed of Council Members: Visual, Performing and Literary Arts; and Multi-Disciplinary Arts. The Committees may agree or disagree with staff funding recommendations. In the event the Committee makes a funding recommendation that differs from the staff funding recommendations, a new recommendation is agreed upon and the updated recommendation is then presented to the full Council along with the rationale for the recommendation.

Council Committee action is subject to the same scrutiny as peer panel reviews in that a clear rationale must be articulated when adjustments are made, and all actions must be based upon how organizations' applications were evaluated based upon the three primary criteria.

The Council

Led by the Chair, the full Council reviews the funding recommendations of the Council Committees and votes to approve grants. The Council is the ultimate decision maker and retains the authority to agree or disagree with recommendations, and propose new recommendations. Upon Council approval of a grant, Cultural Service Contracts are issued to the organizations approved for funding. Council meetings are open to the public and are webcast. These webcasts are archived and available to the public on the NYSCA website at www.arts.ny.gov.

Applicant Statement

In order to ensure fairness in the application review process, applicants are strictly prohibited from contacting Panelists associated with and/or involved in the activities or affairs of the New York State Council on the Arts (NYSCA) in any way to obtain or share information regarding the NYSCA application review process. This includes all activity associated with NYSCA at its main office, including panel discussions, and all communication with NYSCA staff including, but not limited to exchanges via email, telephone, or online system.

All data, materials, knowledge and information generated through, originating from, or having to do with NYSCA or persons associated with our activities, including contractors, is to be considered privileged and confidential and is not to be disclosed to any third party. This also includes, but is not limited to, any information of, or relating to, panel discussion, applications, and funding recommendations.

All inquiries about panel results and proceedings must be communicated to the NYSCA staff directly.

Upon Receiving a Grant

Grant Award Notice

All applicants are notified by e-mail of the Council's funding decision within 30 days of the Council's decision. This notification is sent to the e-mail address of the person designated as the contact on the Organization Profile.

It is essential that the applicant Organization Information Profile specifies the correct name and e-mail of the person designated to receive official communication from the Council. This information can be updated and checked at any time.

Vendor Responsibility

Applicant organizations must file a **Vendor Responsibility Questionnaire** online via the New York State VendRep System. Applicant Organizations that had completed this requirement in FY2018 should simply update the certification to remain current for FY2019. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at http://www.osc.state.ny.us/vendrep/vendor_index.htm or go directly to the VendRep System online at https://portal.osc.state.ny.us

NY State Department of Taxation and Finance

Organizations with outstanding liabilities with the NYS Department of Taxation and Finance are not eligible for funding from the Council. Applicants may be required to provide proof that any such liability has been paid.

Cultural Services Contract

Grantees receive a Cultural Services Contract that details one or more grants awarded to the organization. The Cultural Services Contract is a binding legal agreement that requires the grantee to carry out certain activities or provide services, paid for, in part, with funding received from the Council.

Noncompliance with the terms of the Cultural Services Contract may require the return of funds to the State, and may affect eligibility for future requests for Council support.

Crediting the New York State Council on the Arts

Grantees are required to acknowledge funding from New York State. It is essential that the public is informed that public funds are used to support arts programs and services available to New York State residents, students and visitors. Therefore it is stipulated in the Cultural Services Contract that grantees must credit the Council in press releases, advertisements, programs, and other materials offered to the public. Failure to comply with crediting requirements may jeopardize future funding from the Council.

The required crediting language is:

"New York State Council on the Arts with the support of Governor Andrew M. Cuomo and the New York State Legislature."

For organizations receiving General Support, acknowledgement of Council support is required for all public programs and services occurring within New York State. If the grant funds projects or services, the acknowledgement of Council support is required on all materials related to the specific funded activities.

Any questions about proper acknowledgement of Council support may be directed to the Help Desk.

The Council on the Arts Logo

For organizations wishing to incorporate the Council's logo in their print or online materials, the logo is available in Green, Black and White. Each zip folder contains .EPS, .TIFF and .PNG format of the logo. Black and green logos are also provided in .PDF and .JPG formats. The logo may not be substituted for the required crediting language but may be used in addition to the required language.

Contract Reporting

All grantee organizations that are awarded a contract in an amount of $50,000 or more in a single year or $50,000 or more in the aggregate for a multi-year contract, must submit both an Interim Report and Final Report to NYSCA. Both such reports are comprised of two components – a narrative section that must address the work plan, tasks and performance objectives outlined in the original application, and an expenditure reports that must offer details on how the NYSCA grant money has been spent to date. The expenditure report should be a line-item budget and should be accompanied by receipts, invoices and other documentation that demonstrates that the work has been performed or is scheduled to be performed or is underway and funds are committed to the project.

The Interim Report is due after the start of the contract term. The exact due date will be included in your contract. Upon submission, the Program Director and Senior Auditor will review the Report. If satisfactory, your second claim installment payment voucher will be released. A Final Report is due within 60 days after the end of your contract term. Once again, the Final Report should be comprised of both a narrative report of the work performed throughout the contract period as well as an expenditure budget.

Grantees awarded less than $50,000 either in a single year or in the aggregate, are required to submit only a Final Report – comprised of both a detailed narrative portion and an expenditure report – within 60 days after the end of the contract term. The Final Report must be received by the required deadline, should demonstrate compliance with the terms of the Cultural Services Contract, and must be approved by both the Program Director and the Senior Auditor.

NOTE: An organization is not eligible to register for new or ongoing (multi-year) funding nor to be issued new Cultural Services Contract(s) if the above required Reports are not submitted or if the Reports submitted are incomplete or if they are disapproved by staff.

Appeals Process

An applicant may appeal the Council's funding decision. The appeals procedure is set forth in Part 6401 of the New York Codes, Rules and Regulations. Appeals are decided by an Appeals Panel with a minimum of seven members. No members of the Appeals Panel will have participated on the panels which reviewed the applications being appealed. The recommendations of the Appeals Panel are presented to the full Council to be reviewed and decided upon. The Council's decision on an appeal is final and not appealable.

In summary: the process requires that the applicant obtain a verbal statement of the basis for the Council's decision. Requests for statements should be made to the program referred to in the letter notifying the applicant of the Council's decision. If, after reviewing the statement, the organization wishes to pursue an appeal, the appeal must be made in writing to the Council's Executive Director, and the letter must be received no later than 5:00pm on the 21st calendar day after the date of the Council's notification letter to the applicant. If the applicant has not been able to consult with the appropriate program within the time limitation, a written request to appeal must still be submitted within the 21 calendar day time period.

Thereafter, the applicant will receive a written response and in that response, a deadline for the submission of all allowable material supporting the appeal will be established. No deadline date will be set earlier than seven days from the date of the written response. Failure to meet any deadline date in the appeals process results in the loss of the right to appeal the Council decision.

The Appeals Panel evaluates the review process by which the initial grant decision was made and reviews the application and panel notes. The panel does not review the artistic merit of the application.

Dissatisfaction with the denial of a grant or with the amount of the grant is not a valid ground for appeal. One or more of the following are valid grounds for appeal:

1. **Non-presentation of information**
   Information known to the Council staff prior to the Council's decision that was not presented and that might have altered the decision.

2. **Misrepresentation of information**
   Information known to the Council staff prior to the Council's decision that was changed in its presentation and that, if presented differently, might have altered the decision.

3. **Improper procedure**
   Contention by the applicant that: 1) the review of the funding request by the appropriate panel was biased; 2) the decision by the Council was arbitrary and capricious.

If the appeal request is successful, the funding decision will be reconsidered by the appropriate program and panel and then by the Council committee and the Council. In the case that the appeal is upheld based on panel bias, the decision will be reconsidered directly by the appropriate Council committee and then by the Council.

All appeals panel meetings are open to the public and are webcast. The Appeals Panel meeting agenda and discussion materials are posted on http://www.arts.ny.gov/ in advance of the meeting and are available for review by the public.

Transparency

The Freedom of Information Law, N.Y. Public Officers Law §§ 84–90, grants the right of access to many public documents, including those of the Council on the Arts.

Pursuant to New York's Open Meetings Law, N.Y. Public Officers Law §§ 100–111, meetings of the Council on the Arts are open to the public and are announced in advance.

Dance Program Information, Questions & Support Materials

Program Goals

The Dance Program supports quality professional programming and efforts to build audiences for the art form throughout the state. It seeks to bolster the New York State dance community by supporting service groups that provide administrative and technical assistance to dance artists and organizations. NYSCA has a long-standing commitment to fund dance in all its diversity and stylistic breadth, to embrace the new, the emerging, and the experimental, to provide support for mid-career choreographers and their companies, and to sustain the major ballet and modern institutions. Dance Program funding fosters the creative process by supporting rehearsal time and space for choreographers, enabling the production of new work.

Dance organizations which may apply include: ballet, traditional modern and avant-garde, ethnic, hip hop, jazz, tap, and historical dance companies, dance service organizations, consortia serving management needs, and collectives of individual choreographers.

For Dance Commissions, see the guidelines for Individual Artists.

The Dance Program does not provide funding support for dance publications or dance education programs/projects. For dance education projects, please refer to the Arts Education guidelines.

Organizations requesting support for mime/movement theatre performances should refer to the Theatre guidelines.

The NYSCA grant program strives to make investments of public funds that serve all communities and people that comprise New York State's citizens and visitors. NYSCA strongly supports, values and encourages the sustained and concerted efforts of non-profit art, culture and heritage organizations to be inclusive and have its workforce, artists and programmatic offerings reflect New York State's diversity of people, geography and artistic interests.

Artistic Evaluation

NYSCA must be able to evaluate an applicant's artistic and programmatic quality on an ongoing basis. It is the responsibility of all current and prospective applicants to inform staff of events well in advance of the event date. This is required so that staff and/or advisory panelists may attend and evaluate the events. Email notification is welcome at dnc@arts.ny.gov. Please specify the company name/artistic director name; date(s)/time(s); theatre name/street address/city; contact person name/title; phone number; and email address. All events must be public performances in New York State. Applicants are welcome to contact the Dance Program staff to obtain an address list of current panelists.

Program Prerequisites:

An applicant organization must meet the following minimum criteria:

- It must demonstrate fiscal stability as indicated by such factors as a positive fund balance, an absence of substantial, recurring organizational deficits, a realistic and balanced organizational budget, diverse revenue sources, and strong internal controls.

- It must have a viable, committed board of directors with officers that exercise oversight and accountability for governance, operations, programming and finances.

Types of Dance Support

General Operating Support

General Operating Support represents an investment by NYSCA in an organization's ongoing work, rather than a specific project or program. General Operating Support seeks to reward exemplary practice in all areas of administration, finance, programming, and other organizational activities.

General Operating Support is directed toward ongoing activities of arts and cultural organizations, arts and cultural programs operated as independent entities within their own organizations, or significant ongoing arts and cultural programming within organizations whose mission is not primarily arts based, for example, a performing arts center operated as a separate entity within a college or university, or a theatre program operating as a discrete entity within a multi-arts center.

When considering the provision and level of General Operating Support the Council examines the nature, scope, and quality of an organization's programs and activities, its managerial and fiscal competence, and its public service.

General Operating Support grants will be no less than $5,000 and will not exceed 25% of an organization's budget, based on the income and expense statement for the organization's most recently completed fiscal year. General Operating Support is awarded on a multi-year basis.

Prerequisites

To be eligible to apply for General Operating Support, an applicant organization must meet the following minimum criteria:

- The organization's primary focus or mission must be in the discipline in which it is seeking General Operating Support; or the organization must have significant ongoing activities that address the focus of the NYSCA program in which the organization is seeking support
- It must have ongoing dance programming that is open to the general public
- The organization makes evident a substantial commitment to the dance field, with a prior record of accomplishment in producing or presenting dance activities; or the organizational mission is primarily devoted to dance, with a prior record of accomplishment in producing or presenting dance activities
- The organization must currently employ one or more qualified, salaried (not contracted) full time or part time administrative staff
- It must demonstrate an established history and consistent policy of fair payment to resident artists and teaching artists
- A dance company applicant must have produced at least 2 home seasons in the last 3 years, with the provision that the seasons involved public performances consisting of at least one hour of programming by the company
- A dance company applicant must demonstrate significant services or activity in New York State, which is defined as a home season of at least seven performances within the last three years

Sponsored Requests are not eligible in this category.

Professional Performances

New York State-based professional companies may request support for a performance series or season

(minimum of 2 full performances of at least 1 hour duration each) in the company's home base.

Council assistance is directed primarily towards dancers' and other artistic salaries or fees.

Organizations applying for or receiving General Operating Support from Dance are not eligible for funding in this project support category.

Prerequisites

To be eligible to apply for Professional Performances, an applicant organization must meet the following minimum criteria:

- A dance company must have produced at least 2 home seasons in the last 3 years, with the provision that the seasons involved public performances consisting of at least one hour of programming by the company; and
- It must demonstrate an ongoing commitment and consistent policy of fair payment to artists, one which strives to meet NYS minimum wage standards for all dancer salaries; and
- There should be a prospective theatre space for the home season by the time of the deadline.

Sponsored requests are accepted in this category. For application instructions, please review the [Sponsored](#) [Application Instructions](#).

Rehearsal Space and Residencies

This category encompasses two specific project areas: Rehearsal Space and Long-Term Residencies in New York State. Please indicate in the Project Title which one is the focus of your proposal.

Rehearsal Space supports organizations that provide viable and affordable rehearsal space to dance groups and individual choreographers. Priority consideration is given to institutions providing rehearsal space at little or no cost. Applicant organizations should demonstrate how Council assistance would affect the professional dance field. Grants for rehearsal space subsidy may be awarded on a multi-year basis. This support is intended to fund creative rehearsal time and excludes auditions, classes, workshops and showings. In addition, funding in this category is intended to assist outside artists and companies; rehearsal time used by the applicant company is not eligible for inclusion.

 Long-Term Residencies in New York State support artists' fees and some administrative costs for a 3-to-6 week residency by a New York-based dance company in a targeted area outside New York City. The residency must be of consecutive weeks and take place in a location in New York State that is not within a company's home county. Goals for Long-Term Residencies are:

- To develop audiences for dance outside New York City.
- To encourage and develop the cultural resources of a community through interaction and collaboration between the resident company and interdisciplinary professional groups and/or individuals in the area.
- To support a New York-based dance company with a substantial period of work during which it may be involved not only in conducting classes, workshops, open rehearsals, and community programs, but also in the creation of a new piece of choreography and in the presentation of public performances at the culmination of the residency.

This category is exempt from the Council's two-request limit.

Rehearsal Space and Residencies Prerequisites:

To be eligible to apply for Rehearsal Space and Residencies, an applicant organization must meet the following minimum criteria:

- For Rehearsal Space, a minimum of 1,000 hours of rehearsal time each year must be utilized for the period proposed at a rate of $10 per subsidized rehearsal hour or less. No single choreographer/company may exceed more than 10% of the subsidized hours.
- For Long-Term Residencies in New York State, only dance companies, not host organizations, are eligible to apply. A confirmed residency host and location must be indicated in your application information under the project description. Other prerequisites include previous support from the Dance Program in the last 2

years, previous touring experience, and administrative resources to conduct a residency for a minimum of 3 weeks.

Sponsored Requests are not eligible in this category.

Services to the Field

This category provides support to service organizations that offer professional services for the advancement of dance groups and individuals. Such services may include technical assistance in administrative and/or new technological areas, cooperative management, booking and promotional services, research facilities, archival documentation, projects that utilize technology, and performance spaces. Applicants should demonstrate how Council support would meet the needs of the professional dance field. Support may be awarded on a multi-year basis.

Organizations applying for or receiving General Operating Support from Dance are not eligible for funding in this project support category.

Prerequisites

To be eligible to apply for Services to the Field, an applicant organization must meet the following minimum criteria:

- The organization makes evident a substantial commitment to arts and culture, with a prior record of accomplishment in producing or presenting dance activities open to the general public or providing services to the dance field
- The organization must employ one or more qualified, salaried administrative staff
- It must demonstrate an established history and consistent policy of fair payment to artists (if appropriate to the request)

Sponsored Requests are not eligible in this category.

Regrants and Partnerships

Application to the Regrants & Partnerships Programs category is by invitation only. The Council may contract with nonprofit organizations to administer targeted funding and technical assistance in areas not directly funded by NYSCA Programs. Organizations are invited based on an identified, unmet need within a discipline by Program staff and the service profile of the applicant organization. This category covers a range of services from the administration of technical assistance funds to fees for artist appearances.

Services can either have a long-term role in the arts community or be developed to meet a short-term need. Some organizations may use a panel review process to determine regrant awards for their projects, while others may be limited primarily to assigning and accounting for consulting services. A working knowledge of the target audience, arts discipline, and service area is essential for those organizations receiving grant contracts in this category.

Administrative costs for delivery of services can vary depending on the nature, depth, and scope of the work, but should rarely exceed 15% of project costs. Organizations receiving support for regrants in this category are required to report on the distribution of funds, describing the demographics of the recipients.

Prerequisites

To be eligible to apply for Regrants and Partnerships an applicant organization must meet the following minimum criteria:

- Its primary focus or mission must be in the discipline in which the organization is seeking Regrants and Partnerships support; or the organization must have significant ongoing activities or services that address the focus of the NYSCA program in which the organization is seeking support; and
- It must have ongoing services, programs, exhibitions, productions or other art and cultural activities that serve the general public and/or the arts discipline; and
- The organization must make evident a substantial commitment to arts and culture, with a prior record of accomplishment in producing or presenting cultural activities or services; or the organizational mission must be primarily devoted to arts and culture, with a prior record of accomplishment in producing or presenting cultural activities or services; and
- The organization must employ one or more qualified, salaried administrative staff; and
- It must demonstrate an established history and consistent policy of fair payment to artists (if appropriate to the request).

Sponsored Requests are not eligible in this category.

Vendor Responsibility

State procurement laws require that state contracting entities award contracts only to responsible vendors. Additionally, the State Comptroller must be satisfied that the submitting business entity is responsible before approving a contract award under Section 112 of the State Finance Law. Section 163 (9)(f) of the SFL requires that prior to making an award of a contract, each contracting entity shall make a determination of responsibility of the proposed contractor.

As a result, once a state contracting entity, in accordance with the applicable procurement statute, has determined which business entity(ies) should be awarded a contract, the contracting entity must affirmatively determine that such business entity(ies) is responsible before it can award the contract to such business entity(ies) and execute any contract(s). Furthermore, the State Comptroller will not approve a contract unless he or she concurs that the business entity is responsible.

NYSCA fully reviews any and all information available which includes but is not limited to on-line presence, public records, past performance of State contracts, responsiveness, and any other information we, as the contractor may request in order to make a responsibility determination. NYSCA expects an applicant [vendor] to disclose any information or documentation relevant to the scope of the review, the contract and disclose this on the Vendor Responsibility Questionnaire as necessary.

Whether a business entity is "responsible" is a question of fact to be determined on a case-by-case basis. Based upon existing legal precedents, responsibility determinations can and should involve a review of the following four major categories:

1. Does the business entity possess the integrity to perform the contract? Factors to be considered include criminal indictments, criminal convictions, civil fines and injunctions imposed by government entities, anti-trust investigations, ethical violations, tax delinquencies, debarment or suspension by a government entity, prior determinations of integrity-related non-responsibility, etc.

2. Has the business entity performed at acceptable levels on other government contracts? Factors to be considered include reports of less than satisfactory performance, early contract termination for cause, contract abandonment, court determinations of breach of contract, etc.

3. Is the business entity legally capable of performing the contract? Factors to be considered include authority to do business in New York State, licensing (e.g.

with the Education Department or Department of State), debarment by the State Labor Department due to a prevailing wage violation, etc.

4. Is the business entity financially and organizationally capable of performing the contract? Factors to be considered include assets, liabilities, recent bankruptcies, equipment, facilities, personnel resources and expertise, availability in consideration of other business commitments, existence of appropriate accounting and auditing procedures for control of property and funds, etc.

Updating and certifying the online questionnaire

An online questionnaire is considered "current" if it has been certified within six months of the agency-defined due date for the questionnaire. However, even where there is a current certified online questionnaire, it is the vendor's responsibility to ensure that the questionnaire reflects any material changes that have occurred since it last certified the questionnaire.

NYSCA (or the State Comptroller's Office) may require updates at other times, such as when information has become known about a vendor that raises a concern.

To update or enroll in the New York State VendRep System, see the VendRep System Instructions available at http://www.osc.state.ny.us/vendrep/index.htm
