About the New York State Council on the Arts (NYSCA)

Mission

The New York State Council on the Arts is dedicated to preserving and expanding the rich and diverse cultural resources that are and will become the heritage of New York's citizens. The Council believes in supporting the following:

- Artistic excellence and the creative freedom of artists without censure, and
- The rights of all New Yorkers to access and experience the power of the arts and culture, and the vital contribution the arts make to the quality of life in New York communities.

NYSCA strives to achieve its mission through its core grant-making activity and by convening field leaders, providing information and advisory support, and working with partners on special initiatives to achieve mutual goals. Further, NYSCA's vision for cultural development in the State is reflected in the following goals:

- Sustaining a vital ecosystem of individual artists and cultural organizations that supports the creation, presentation, critical review, and distribution of the arts and culture;
- Celebrating our rich range of artistic and cultural resources inclusive of diverse cultures and aesthetics;
- Encouraging artistic and discipline field advancement;
- Broadening public access, appreciation, participation, and education in the arts and culture throughout the State; and
- Providing recognition and professional advancement for artists and arts administrators.

Values

At NYSCA, our efforts are guided by our belief in the fundamental importance of arts and cultural expression in people's lives and a commitment to serving our three constituencies: artists, arts and cultural organizations, and the public. We believe that:

Artists are at the center of creative endeavor. Therefore, we are committed to providing artists with opportunities for artistic development and the public presentation of their work. Toward this end, the Council encourages arts and cultural organizations to work with artists to support the creation, presentation, and dissemination of their work, and serves as an advocate on artists' issues.

Strong arts and cultural organizations are vital to connecting the arts to people's lives. We are committed to assisting a wide range of arts and cultural organizations – small and large, new and established – to achieve their artistic, programmatic, educational, community, and organizational goals. As the arts field evolves and changes, NYSCA seeks to support organizational development and ongoing professional development, continuity of leadership, and improvement of professional conditions for leaders within cultural organizations.

Every citizen of New York State can have a meaningful connection to creativity and every community has a right to cultural self-determination. The Council is also committed to make the arts accessible to all the citizens of New York State. We aim to support worthy artistic and cultural activities that serve traditionally underserved communities or populations. These are the racially or culturally diverse, economically disadvantaged, people with disabilities, rural populations, and those who may experience discrimination on the basis of age, gender, or sexual orientation. We are committed to fostering public understanding and enjoyment of arts and culture through support of arts education, public participation, and lifelong learning programs in schools and community settings for children and adults.

Eligibility

The New York State Council on the Arts awards grants contracts to nonprofit organizations either incorporated in or registered to do business in New York State, Indian tribes in New York State, and units of government in municipalities in New York State. An organization must have its principal place of business located in New York serving the State's constituents.

The unincorporated artist or group completes the project activity.

Prequalification

Pursuant to the New York State Division of Budget Bulletin H-1032, dated June 7, 2013, New York State has instituted key reform initiatives to the grant contract process which require nonprofits to register in the Grants Gateway and complete the Vendor Prequalification process in order for applications to be pre-evaluated before their applications for funding are considered. Information on these initiatives can be found on the Grants Reform Website.

All Applicants must be Prequalified in the Grants Gateway at the time and date that the application is due. Applications received from nonprofit Applicants that have not registered and are not Prequalified in the Grants Gateway by the application due date and time listed at the beginning of this document cannot be evaluated. Grants Gateway Document Vaults must be submitted no later than March 21st in order to prequalify organizations by the March 28th deadline. If you wait until March 21st, NYSCA cannot guarantee any issues that arise during staff review, including missing or incorrect documents will be resolved by the application deadline. Consequently, NYSCA urges you to submit immediately.

Grant Amounts

The Council's overall funding is determined annually during the State's budgeting process and approved by the NYS Legislature. There is no assurance that the Council's funding awards will remain the same over an

annual or multi-year term.

Previous grant funding from the Council does not guarantee support in any succeeding year, and past grant funding amounts are not indicative of future funding levels.

The Council does <u>not</u> make grants in amounts less than \$2,500, nor does it make grants that would constitute the sole source of financial support for an organization.

The Council <u>rarely</u> funds more than 50% of a project's entire budget, and in the case of requests for general support, the Council rarely funds more than 25% of an organization's budget.

Single-year and Multi-year Grants

Some Council grants are awarded on a single-year basis, and some grants are awarded on a multi-year basis and are renewable for up to five years.

Organizations with a continuing multi-year grant or grants must register each of those grants in the NYSCA system for each year they are in effect. Failure to register a continuing multi-year grant will result in cancellation of the grant.

Multi-year support is awarded when the panel, staff, and Council agree that a similar level of service or activity will be sustained by the applicant organization over successive years. Multi-year grants represent the Council's agreement to offer successive years of support without requiring a full application and review of the grantee in the succeeding years. Annually, multi-year grantees are required to: update the Organizational Information Profile, register for continued multi-year support, notify Council staff of their programming, activities and any major institutional changes, and file annual final reports.

Funding Restrictions

Limitations of the Number of Applications

For FY2019, organizations are limited to two grant requests each. Each ongoing multi-year grant counts as one of these requests. Please note that the following categories are exempt from the two request limit (in other words, requests in these categories do not count towards an organization's limit of two requests).

- Architecture and Design Program Independent Projects category
- Dance Program Rehearsal Space and Residencies category
- Electronic Media & Film Program Workspace, Art & Technology category
- Facilities Program All categories
- Folk Arts Program Apprenticeships category
- Folk Arts Program Regional and County Folk Arts Programs category
- Individual Artists Program All categories
- Literature Program Translation category
- State and Local Partnership Program Decentralization category
- All Programs Regrants and Partnerships category

Ineligible Activities

New York State law and Council policy restrict the types of activities and expenditures that the Council may fund. The Council is unable to award funding for the following:

- Accumulated deficits and debt reductions
- Activities not open to the public, for example, activities restricted to an organization's membership. Funded activities must be open to the public and promoted as such
- · Competitions and contests
- Components of an organization's budget that are not directed towards programs in New York State
- Entertainment costs for receptions, openings, and fundraising benefits/events
- Major expenditures for the establishment of a neworganization
- Operating expenses and fellowships at professional training schools that are not open to the general public
- Operating expenses of privately owned facilities (such as homes and studios)
- Out-of-State travel expenses
- Programs of public school districts or their components or affiliates
- Programs that are essentially recreational, rehabilitative, or therapeutic
- Programs of New York State agencies or departments
- Requests for amounts that are greater than an organization's total operating expenses minus its total operating income
- Programs of public colleges and universities except under limited circumstances. Entities with close
 public college or university affiliations will be examined on a case-by-case basis to determine eligibility.
 Such applicants are strongly advised to contact Council program staff listed on page 2 of this
 document in advance of the registration deadline to determine eligibility.

Application Timeline

1. Open Period

For FY2019, the grant opportunity timeline will commence with an open period during which NYSCA staff members will be available to answer questions that arise during the development of a funding proposal. NYSCA encourages all applicants to consult with Program staff regarding the types of programs that can be funded as well as to secure input on how best to complete their application well before the application period opens.

Contact information for this program is included on page 2.

2. Application Period

The application period opens on February 21, 2018. To establish a complete application, each applicant must register their request in the NYSCA system **and** submit a Grants Gateway application for each program they are applying to. To ensure the fairness of the FY2019 NYSCA application process for all NYSCA applicants and in compliance with New York State procurement guidelines, Program Staff will not be able to discuss or review application contents or answer substantive questions about proposed projects or program guidelines once the active application opens.

However, NYSCA and Grants Gateway staff are always available to answer any technical questions about how to utilize the NYSCA or Grants Gateway systems. Please do not hesitate to contact NYSCA's offices with questions. Phone: 212-459-8800. NYSCA has a Help Desk designed to assist applicants with the technical aspects of the online application process.

Grants Gateway staff is also available to answer technical questions about the Grants Gateway system. They can be contacted at grantsreform@its.ny.gov; or (518) 474-5595.

Please note that as the application deadline approaches, staff receive a high volume of calls and emails and response times may slow. We strongly urge all applicants to begin the prequalification and application process as soon as possible.

3. Applications Due

Applications are due at the date and time established on page 2 of this document. When submitting your application in the Grants Gateway please be aware that only a Grantee Contract Signatory or a Grantee System Administrator can submit an application on behalf of your organization. Other roles may be able to initiate an application but the actual submission must be completed by the roles previously mentioned. If you are signed in to the Grants Gateway with any other role you will not be able to submit your application. Applications submitted after the deadline will not be eligible for funding.

Overview of the Application Process

The following sections provide an overview of the steps needed to complete an application by various types of applicants. Organizations applying on their own behalf will follow the steps outlined in the Standard Instructions section below. Completing the Application in the Grants Gateway

Getting Started

To get started in the <u>Grants Gateway</u>, click on Grants Gateway Login in the upper left hand corner of the screen.

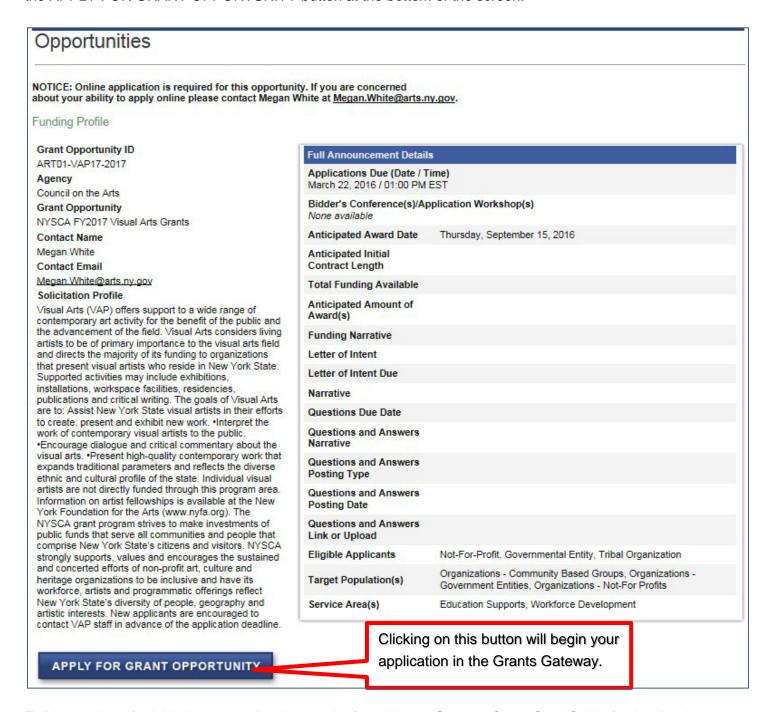

Locating and Initiating an Application

Once you're logged in, you are brought to the Home screen where you begin your search for an opportunity to apply to by clicking on the View Opportunities button.

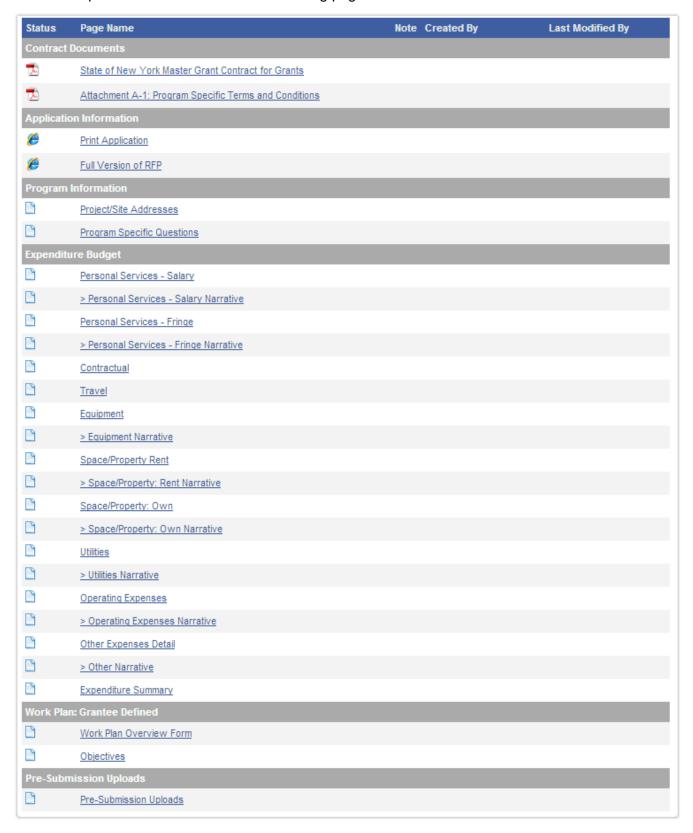

Using the Search functionality, locate and click on the opportunity you would like to apply for, then click the APPLY FOR GRANT OPPORTUNITY button at the bottom of the screen.

Full instructions for initiating an application can be found in our <u>Grantee Quick Start Guide for Applications</u> and our <u>Vendor User Guide</u>.

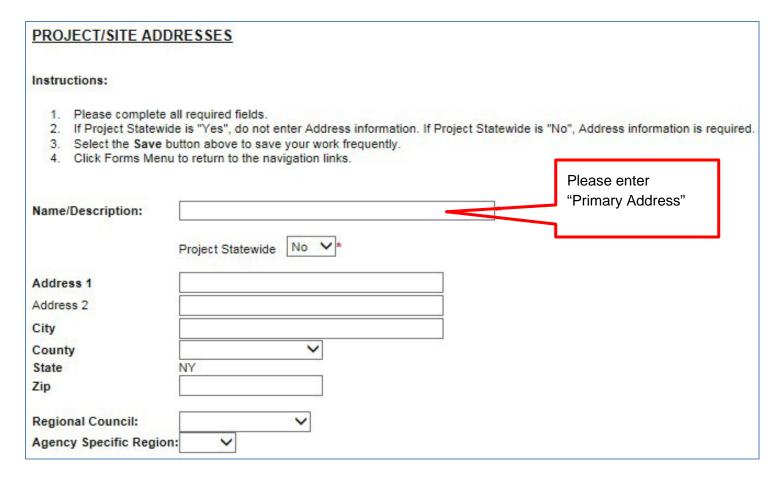

Completing Your Application

The Grants Gateway application consists of a series of forms. Once you have initiated an application, you will complete these forms which will become your grant application. Below is a representation of the Forms Menu. Click each page name starting with Project/Site Address to access the corresponding form. More information on each required form can be found on following pages.

Project/Site Address Form

The first form you will complete is the Project/Site Address form. On this form you will enter "Primary Address" in the Name/Description field and indicate whether your project is statewide. Provide the primary site address where your project operates and select the Regional Council wherein your program is located.

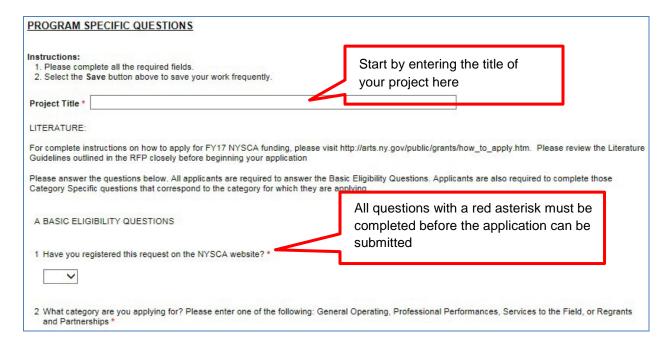

Program Specific Questions Form

In this form, you will begin by entering a title for your grant project. You will then answer a set of Eligibility Questions and Standard Questions common to all applicants for the discipline you are applying for. After completing the common questions, scroll down to locate and complete an additional question set for the subcategory to which you are applying.

Eligibility Questions, Standard Questions and Category Questions can be found in the Program Information, Questions & Support Materials section.

MAKE SURE YOU ARE SAVING FREQUENTLY AND BETWEEN EACH RESPONSE.

Budget Forms

Through these forms, you will establish a budget for your grant project. This budget is reflected in the Expenditure Budget Summary Form which is automatically populated by information entered into the corresponding budget detail forms (Personal Services, Contractual, Travel, etc). Note – you do not enter any information into the Expenditure Budget Summary itself. Keep in mind, you only need to fill out expenditure budget detail forms for categories in which you are requesting funding. You do not need to fill out Narrative forms for categories where you are requesting funding. You do not need to enter any information in categories where you will not request grant funding.

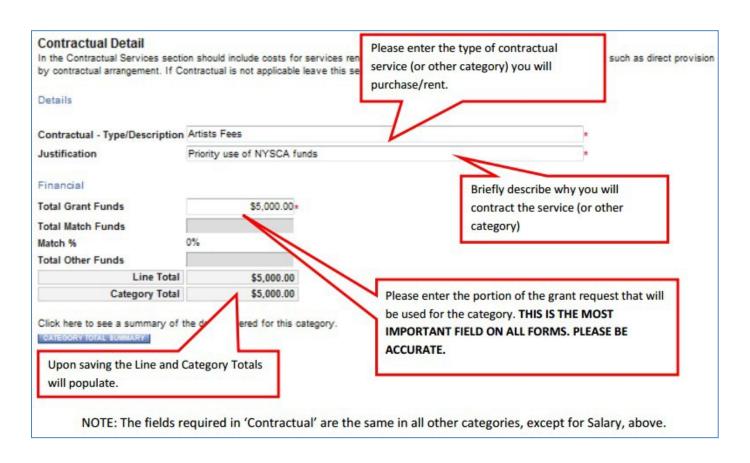

PLEASE NOTE that the Expenditure Budget and its Summary are not considered by staff or panelists as part of the application review. These sections are designed to populate your contract IF your organization is granted funding for FY19.

MAKE SURE YOU SAVE BEFORE MOVING ON TO THE NEXT FORM.

Funding Criteria

The Council, program staff and panelists use the following three primary criteria outlined in statutory requirements to evaluate all grant applications.

Service to the Public

As a public funder, NYSCA must ensure that its grants support a broad array of cultural activity that fully represents the diversity of the State and that the supported events are accessible to the broadest possible public in every region of the State. In addition, it must ensure that the organization's and events it supports complies with public safety and accessibility laws. The following are considered elements of service to the public. Applicants will be evaluated based on their strength in these areas.

Promotion and Outreach: an organization demonstrates that it makes significant efforts to reach a broad and diverse audience through marketing and public relations efforts.

Audience Development: the organization offers thoughtful and well-designed educational and interpretive activities that help build audience appreciation and understanding of the organization and its work.

Audience/Visitor Participation: the organization's commitment to its programs and activities as demonstrated through attendance data (relevant to the population of the community served) as well as customer satisfaction surveys (if available and appropriate).

Safety & Accessibility: the activities and events that support is being sought for will take place in venues that are fully accessible to the public and comply with all safety and accessibility standards.

Diversity of Programming: programming reflects significant efforts to reach a broad array of artists and audiences.

Community Service: the organization brings value to its community through partnerships with local businesses and schools, free and low-cost events, and in other appropriate ways.

Artistic/Programmatic Excellence

NYSCA believes in artistic excellence without boundaries, and its evaluation process embraces the widest variety of cultural and artistic expression being offered to the public in a broad array of settings and contexts, including classrooms and community centers, parks, open spaces, and traditional venues.

NYSCA considers four dimensions of proposals when evaluating applications:

Idea: the concept or artistic impetus behind the artistic work or services proposed.

Practice: the effectiveness of the artistic work and the impact it has on those experiencing it, or in the case of services, the effectiveness of the services in practice and their impact on the community served.

Development: the contribution the artistic work makes to the development of the artists involved, the art form, and the arts generally, or for services, the contribution the services make to the development of a vibrant arts and cultural community in the State.

Context: the context in which the work or services are being presented and the appropriateness of the work or services in that context.

Managerial/Fiscal Competence

As a public funder, NYSCA must ensure that funded organizations are capable of carrying out their proposals and will be ethical and effective stewards of public funds.

NYSCA considers four dimensions of managerial competence when evaluating applicant organizations.

Mission: The organization's activities must relate directly to its written mission statement. A mission statement should (1) define the organization's purpose for being and core values, (2) determine its structure, functions and purpose, (3) be approved by the organization's board, and (4) be reviewed regularly and updated when appropriate.

Governance: The organization should have a governing board of directors or trustees, and that group should be diverse and appropriate to the mission of the organization. The board should provide administrative, financial, and ethical oversight for the organization by:

- Adopting enabling documents, including by-laws and a mission statement, both of which are reviewed at regular intervals
- Selecting a chief executive and annually reviewing her/his performance
- Reviewing and approving the annual budget and ensuring that proper financial controls are in place
- Engaging in adequate fundraising for the organization by making a personal contribution to the organization and actively soliciting support on its behalf
- Ensuring fiscal and programmatic integrity and maintaining accountability by upholding legal standards and ethical norms
- Maintaining and enforcing a conflict of interest policy
- Ensuring effective organizational planning by participating in an overall planning process and monitoring its implementation
- Recruiting and orienting new board members and assessing boardperformance
- Enhancing the organization's public standing and value

Understanding, monitoring, and strengthening the organization's core programs and services

Organizational Management: Organizational management will be assessed based on the extent to which the leaders of the organization comprehend their roles, advance the mission, and plan for the future. Responsible management hinges on the:

- Existence of a professional staff appropriate to the size and mission of the organization
- Implementation of board policies by professional staff
- Comprehension, review, and revision of policies by staff and with the board as needed
- Preparation of a year-end statement of the organization's financial condition and program activities
- Offering of competitive compensation and health benefits to employees
- Appropriate compensation of artists
- Existence of personnel policies that include job descriptions and performance evaluations for board members, staff, and volunteers
- Development and implementation of a strategic plan incorporating input from the board, staff, community and other stakeholders.

Financial Management: The organization will be evaluated based on whether it provides adequate human and financial resources to enable the organization to work toward fulfilling its mission and managing those resources appropriately. Successful financial management includes:

- Raising adequate financial resources for operating costs, cash reserve, endowment, and short and long-term capital needs
- Developing a balanced operating budget which includes contingencies, contains realistic projections of revenues and expenses, and is approved by the board
- Reviewing revenues and expenses in relation to budget at regular intervals and taking steps to raise funds or cut costs when necessary to balance the budget
- Establishing a finance committee that meets regularly to review financial statements and that reports directly to the board
- Engaging an independent financial auditor that reports directly toboard
- Engaging in cost-effective fundraising activities.
- Written financial policies exist that govern investment of assets, internal control procedures, purchasing practices, reserve funds, compensation expense account reporting, and earned income
- Internal financial processes are monitored, including handling of checks, petty cash, cash disbursements, and payroll management, in order to prevent errors and misuse of funds
- The use of restricted funds is monitored
- Reports comparing Adopted Budget to actual revenue and expenses are made available to appropriate staff in a timely manner
- There is a fund development plan that ensures a diversified funding base
- Financials demonstrate diversified funding base
- Budget variances of more than 10% are noted and explained
- Operating deficits are explained and there is a deficit reduction plan for accumulated deficits.

Educational Impact

The nature and extent of the applicant's planned efforts to educate and orient the public about the proposed project or activities of an organization

Geographic Location

The scarcity or availability of comparable services or activities in the geographic region in which proposed services or activities will take place

Funding Availability

The nature and extent of the availability of other public and private funds to support comparable activities

Application Review Process

The Council uses a multi-step process involving program staff, peer review panels, a committee of Council members, and the full Council, as described in more detail below.

Staff Review

Once an organization submits a request, the Council's program and administrative staff verify applicant eligibility and review application materials according to the Council's **primary criteria** identified above and program- and category-specific guidelines. Staff may meet with representatives of the organization, visit facilities, and attend programs to become familiar with the organization and its work.

Peer Review Panels and the Rating System

After staff review, the peer panel convenes with program staff present in each program category. The panel is composed of at least seven people and represents a diverse group of professionals from across the State. Each member has relevant and specific expertise. NYSCA accepts nominations for panelists from the general public. To nominate an individual for panel service consideration, visit the panelist nomination page.

Staff review results are shared during panel meetings. The panel evaluates and rates each request on a scale from 1-9 according to the Council's three primary criteria:

- Artistic/Programmatic Excellence
- Managerial/Fiscal Competence
- Service/Outreach to the Public

Each request is individually rated by each panel member during a meeting. These ratings are then aggregated to one average score for each request. These ratings are primary to informing the funding recommendations made by NYSCA Program staff for consideration by the appropriate Council Committee.

Staff assigns recommended grant amounts to each request based on the ratings, panel discussion, and the budget allocation to the program. Staff also prepares panel comments which reflect the discussion at the panel meeting. These panel comments help Council Committee and Council members understand the major issues that surfaced during panel discussions. These panel comments are available to the applicants if requested, and become part of the applicant's funding history within the NYSCA.

Rating System Score Chart

Score Descriptor		Additional Guidance on Strengths/Weaknesses	
9 Exceptional		Exceptionally strong (model and standard for field or discipline with essentially no weaknesses)	

8	Outstanding	Extremely strong with negligible weaknesses	
7 Excellent		Very strong with some minor weaknesses	
6	Very Good	Strong with numerous minor weaknesses	
5 Good		Strong but with at least one moderate weakness	
4	Satisfactory	Some strengths but with some moderate weaknesses	
3	Fair	Some strengths but with at least one major weakness	
2	Marginal	A few strengths and a few major weaknesses	
1	Poor	Very few strengths and numerous major weaknesses	

Minor Weakness: An easily addressable weakness that does not substantially lessen impact.

Moderate Weakness: A weakness that lessens impact.

Major Weakness: A weakness that severely limits impact.

Council Committees

Funding recommendations, panel ratings and panel comments are presented to the appropriate Council Committee for review and discussion. The Council Committees make funding recommendations to the full Council. Council Committee meetings are open to the public and are webcast. These webcasts are archived and available to the public on the NYSCA website at www.arts.ny.gov.

There are two committees composed of Council Members: Visual, Performing and Literary Arts; and Multi-Disciplinary Arts. The Committees may agree or disagree with staff funding recommendations. In the event the Committee makes a funding recommendation that differs from the staff funding recommendations, a new recommendation is agreed upon and the updated recommendation is then presented to the full Council along with the rationale for the recommendation.

Council Committee action is subject to the same scrutiny as peer panel reviews in that a clear rationale must be articulated when adjustments are made, and all actions must be based upon how organizations' applications were evaluated based upon the three primary criteria.

The Council

Led by the Chair, the full Council reviews the funding recommendations of the Council Committees and votes to approve grants. The Council is the ultimate decision maker and retains the authority to agree or disagree with recommendations, and propose new recommendations. Upon Council approval of a grant, Cultural Service Contracts are issued to the organizations approved for funding. Council meetings are open to the public and are webcast. These webcasts are archived and available to the public on the NYSCA website at www.arts.ny.gov.

Applicant Statement

In order to ensure fairness in the application review process, applicants are strictly prohibited from contacting Panelists associated with and/or involved in the activities or affairs of the New York State Council on the Arts (NYSCA) in any way to obtain or share information regarding the NYSCA application review process. This includes all activity associated with NYSCA at its main office, including panel discussions, and all

communication with NYSCA staff including, but not limited to exchanges via email, telephone, or online system.

All data, materials, knowledge and information generated through, originating from, or having to do with NYSCA or persons associated with our activities, including contractors, is to be considered privileged and confidential and is not to be disclosed to any third party. This also includes, but is not limited to, any information of, or relating to, panel discussion, applications, and funding recommendations.

All inquiries about panel results and proceedings must be communicated to the NYSCA staff directly.

Upon Receiving a Grant

Grant Award Notice

All applicants are notified by e-mail of the Council's funding decision within 30 days of the Council's decision. This notification is sent to the e-mail address of the person designated as the contact on the Organization Profile.

It is essential that the applicant Organization Information Profile specifies the correct name and e-mail of the person designated to receive official communication from the Council. This information can be updated and checked at any time.

Vendor Responsibility

Applicant organizations must file a **Vendor Responsibility Questionnaire** online via the New York State VendRep System. Applicant Organizations that had completed this requirement in FY2018 should simply update the certification to remain current for FY2019. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at

http://www.osc.state.ny.us/vendrep/vendor_index.htm or go directly to the VendRep System online at https://portal.osc.state.ny.us

NY State Department of Taxation and Finance

Organizations with outstanding liabilities with the NYS Department of Taxation and Finance are not eligible for funding from the Council. Applicants may be required to provide proof that any such liability has been paid.

Cultural Services Contract

Grantees receive a Cultural Services Contract that details one or more grants awarded to the organization. The Cultural Services Contract is a binding legal agreement that requires the grantee to carry out certain activities or provide services, paid for, in part, with funding received from the Council.

Noncompliance with the terms of the Cultural Services Contract may require the return of funds to the State, and may affect eligibility for future requests for Council support.

Crediting the New York State Council on the Arts

Grantees are required to acknowledge funding from New York State. It is essential that the public is informed that public funds are used to support arts programs and services available to New York State residents,

students and visitors. Therefore it is stipulated in the Cultural Services Contract that grantees must credit the Council in press releases, advertisements, programs, and other materials offered to the public. Failure to comply with crediting requirements may jeopardize future funding from the Council.

The required crediting language is:

"New York State Council on the Arts with the support of Governor Andrew M. Cuomo and the New York State Legislature."

For organizations receiving General Support, acknowledgement of Council support is required for all public programs and services occurring within New York State. If the grant funds projects or services, the acknowledgement of Council support is required on all materials related to the specific funded activities.

Any questions about proper acknowledgement of Council support may be directed to the Help Desk.

The Council on the Arts Logo

For organizations wishing to incorporate the Council's logo in their print or online materials, the logo is available in <u>Green</u>, <u>Black</u> and <u>White</u>. Each zip folder contains .EPS, .TIFF and .PNG format of the logo. Black and green logos are also provided in .PDF and .JPG formats. The logo may not be substituted for the required crediting language but may be used in addition to the required language.

Contract Reporting

All grantee organizations that are awarded a contract in an amount of \$50,000 or more in a single year or \$50,000 or more in the aggregate for a multi-year contract, must submit both an Interim Report and Final Report to NYSCA. Both such reports are comprised of two components – a narrative section that must address the work plan, tasks and performance objectives outlined in the original application, and an expenditure reports that must offer details on how the NYSCA grant money has been spent to date. The expenditure report should be a line-item budget and should be accompanied by receipts, invoices and other documentation that demonstrates that the work has been performed or is scheduled to be performed or is underway and funds are committed to the project.

The Interim Report is due after the start of the contract term. The exact due date will be included in your contract. Upon submission, the Program Director and Senior Auditor will review the Report. If satisfactory, your second claim installment payment voucher will be released. A Final Report is due within 60 days after the end of your contract term. Once again, the Final Report should be comprised of both a narrative report of the work performed throughout the contract period as well as an expenditure budget.

Grantees awarded less than \$50,000 either in a single year or in the aggregate, are required to submit only a Final Report – comprised of both a detailed narrative portion and an expenditure report – within 60 days after the end of the contract term. The Final Report must be received by the required deadline, should demonstrate compliance with the terms of the Cultural Services Contract, and must be approved by both the Program Director and the Senior Auditor.

NOTE: An organization is not eligible to register for new or ongoing (multi-year) funding nor to be issued new Cultural Services Contract(s) if the above required Reports are not submitted or if the Reports submitted are incomplete or if they are disapproved by staff.

Appeals Process

An applicant may appeal the Council's funding decision. The appeals procedure is set forth in Part 6401 of the New York Codes, Rules and Regulations. Appeals are decided by an Appeals Panel with a minimum of seven members. No members of the Appeals Panel will have participated on the panels which reviewed the applications being appealed. The recommendations of the Appeals Panel are presented to the full Council to be reviewed and decided upon. The Council's decision on an appeal is final and not appealable.

In summary: the process requires that the applicant obtain a verbal statement of the basis for the Council's decision. Requests for statements should be made to the program referred to in the letter notifying the applicant of the Council's decision. If, after reviewing the statement, the organization wishes to pursue an appeal, the appeal must be made in writing to the Council's Executive Director, and the letter must be received no later than 5:00pm on the 21st calendar day after the date of the Council's notification letter to the applicant. If the applicant has not been able to consult with the appropriate program within the time limitation, a written request to appeal must still be submitted within the 21 calendar day time period.

Thereafter, the applicant will receive a written response and in that response, a deadline for the submission of all allowable material supporting the appeal will be established. No deadline date will be set earlier than seven days from the date of the written response. Failure to meet any deadline date in the appeals process results in the loss of the right to appeal the Council decision.

The Appeals Panel evaluates the review process by which the initial grant decision was made and reviews the application and panel notes. The panel does not review the artistic merit of the application.

Dissatisfaction with the denial of a grant or with the amount of the grant is not a valid ground for appeal. One or more of the following are valid grounds for appeal:

1. Non-presentation of information

Information known to the Council staff prior to the Council's decision that was not presented and that might have altered the decision.

2. Misrepresentation of information

Information known to the Council staff prior to the Council's decision that was changed in its presentation and that, if presented differently, might have altered the decision.

3. Improper procedure

Contention by the applicant that: 1) the review of the funding request by the appropriate panel was biased; 2) the decision by the Council was arbitrary and capricious.

If the appeal request is successful, the funding decision will be reconsidered by the appropriate program and panel and then by the Council committee and the Council. In the case that the appeal is upheld based on panel bias, the decision will be reconsidered directly by the appropriate Council committee and then by the Council.

All appeals panel meetings are open to the public and are <u>webcast</u>. The Appeals Panel meeting agenda and discussion materials are posted on http://www.arts.ny.gov/ in advance of the meeting and are available for review by the public.

Folk Arts Program Information, Questions & Support Materials

Program Goals

The Folk Arts Program is devoted to sustaining New York State's living cultural heritage of folk arts through supporting activities designed to safeguard and perpetuate traditions practiced within communities. It also supports programming that enables general audiences to experience the traditional arts. By definition, folk arts are traditional cultural expressions through which a group maintains and passes on its shared way of life. They are practiced within and among ethnic, regional, occupational, and religious communities as well as other kinds of groups with a common identity. Traditional folk arts express a group's sense of beauty, identity, and values. Folk arts are usually learned informally through performance, by example, or in oral traditions among families, friends, neighbors and co-workers rather than through formal education. The practice of folk arts by traditional artists stems from their birthright, community membership or direct participation in the life of a community. Never static, folk arts change as they are adapted to new circumstances while they maintain their traditional qualities. The best folk artists work within artistic conventions shaped and refined over time while creating innovations recognized by other community members.

Priorities

- Appropriate compensation to artists, folklorists and artsprofessionals.
- Field research to identify artists unrecorded or unrecognized outside of their immediate communities.
 Applicants are also encouraged to document presentations supported through NYSCA funds.
- Collaborative initiatives carried out on a regional or statewide basis among folk arts programs.
- Professional direction through folklorists, ethnomusicologists, other appropriate staff or consultants for program development, field research to document artists, interpretation and the production of presentations for general audiences.
- Development of projects in close consultation and collaboration with the communities and artists
 whose traditions are to be presented. Support is not available for programming involving artists who
 appropriate, interpret, or revive the traditions of other communities. Presentations grounded in the
 traditional modes of practicing folk art are encouraged. The Folk Arts Program does not support
 programming involving choreography, theatricalization, or stylization that substantially alters traditions.
- Interpretive practices that aid appreciation and understanding of a tradition's meaning and contexts, especially for unfamiliar art forms. These may include program booklets or other publications, websites, lecture/demonstrations, spoken introductions to performances, and/or interpretive signage to aid appreciation and understanding of a tradition's meaning and contexts.
- Dance presentations should be accompanied by live traditional folk musicians, when possible.

The NYSCA grant program strives to make investments of public funds that serve all communities and people that comprise New York State's citizens and visitors. NYSCA strongly supports, values and encourages the sustained and concerted efforts of non-profit art, culture and heritage organizations to be inclusive and have their workforce, artists and programmatic offerings reflect New York State's diversity of people, geography and artistic interests.

Artistic Evaluation

NYSCA must be able to evaluate an applicant's artistic quality on an ongoing basis. It is the responsibility of all current and prospective applicants to inform staff of its events well in advance of the event date so that staff or advisory panelists may attend and evaluate the activity. Email notification of events should be sent to robert.baron@arts.ny.gov.

Technical Assistance

Technical assistance is available to any individual or organization engaged in or planning folk arts programs in New York State. It is provided through the New York Folklore Society's Mentoring and Professional Development Program for Folklore and the Traditional Arts, in partnership with the NYSCA Folk Arts Program. This program encompasses consultations to the consultant's organization to observe activities, and assistance for master folk artists to advise other artists. Support is provided to attend conferences and meetings, observe exemplary programs, and interact with colleagues.

Applications are reviewed on an ongoing basis.

Types of Folk Arts Support

General Operating Support

General Operating Support represents an investment by NYSCA in an organization's ongoing work, rather than in a specific project or program. General Operating Support seeks to reward exemplary practice in all areas of administration, finance, programming, and other organizational activities.

General Operating Support is directed toward ongoing activities of arts and cultural organizations, arts and cultural programs operated as independent entities within their own organizations, or significant ongoing arts and cultural programming within organizations whose mission is not primarily arts based, for example, a folk arts program operated as a separate entity within a college or university, or a folklife center operating as a discrete entity within a museum.

When considering the provision and level of General Operating Support the Council examines the nature, scope, and quality of an organization's programs and activities, its managerial and fiscal competence, and its public service.

General Operating Support grants will be no less than \$5,000 and will not exceed 25% of an organization's budget, based on the income and expense statement for the organization's most recently completed fiscal year. General Operating Support is awarded on a multi-year basis.

Prerequisites

In order to be eligible to apply for General Operating Support, an applicant organization must meet the following minimum criteria:

- Its primary focus or mission must be in the discipline in which the organization is seeking General Operating Support; or the organization must have significant ongoing activities that address the focus of the NYSCA program in which the organization is seeking support; and
- It must have ongoing programs, exhibitions, productions or other art and cultural activities that are open to the general public; and
- The organization must demonstrate a substantial commitment to arts and culture, with a prior record of accomplishment in producing or presenting folk arts activities for at least each of the past three years..
- It must demonstrate fiscal stability as indicated by such factors as a positive fund balance, an absence of substantial, recurring organizational deficits, a realistic and balanced organizational budget, diverse revenue sources, and strong internal controls; and
- The organization must currently employ one or more qualified, salaried (not contracted) full time or part time administrative staff; and
- It must have a viable, committed board of directors with officers that exercises oversight and accountability for governance, operations, programming and finances; and
- It must demonstrate a consistent policy of fair payment to artists.
- No more than one request may be submitted to the Folk Arts Program, with the
 exceptions of Folk Arts Apprenticeships, Sponsored Projects, and Regrants and
 Partnerships requests approved for submission by Folk Arts Program Staff. This
 restriction also applies to applications currently funded on a continuing multi-year
 basis, which are considered as within the one request limit.

Sponsored Projects are Not Eligible for Support in this Category.

Project Support

The Project Support category supports concerts, exhibitions, festivals, lecture/demonstrations, residencies, and oral narrative programs. Projects may involve music, dance, and drama; traditional verbal arts; festivals; traditional visual arts and material culture, architecture and the adornment and transformation of the built environment. Requests may include field research expenses to identify and document folk artists to be included in a presentation.

Exhibitions are supported which present the work of living folk artists, explore issues in the folk arts, or interpret the traditional culture of a specific community through its folk arts. They may consist of objects of folk art and/or photographic representations of folk culture.

Applications may involve one type of activity or a series of thematically related activities. Multi-year support may be provided for ongoing presentation activities which have been supported for at least two consecutive years, and for two-year projects that consist of a planning and documentation phase during the first year.

Priorities:

 Artists are presented in ways appropriate to both the community where this project takes place and the art form that is to be presented. Presentations grounded in the traditional modes of practicing folk art are encouraged. Smaller, more intimate presentation formats (which may include such participatory activities as dancing) are often more suitable than a large public festival or concert. The Folk Arts Program does not support programming involving choreography, theatricalization, or stylization that substantially alters traditions.

- Use of live traditional folk musicians to accompany dance performances.
- Development of projects in close consultation and collaboration with the communities and artists whose traditions are to be presented. Support is not available for programming involving artists who appropriate, interpret, or revive the traditions of other communities.
- Strong evidence of interpretive practices which aid appreciation and understanding of a
 tradition's meaning and contexts, especially for unfamiliar art forms. These may include
 program booklets or other publications, websites, lecture/demonstrations, spoken
 introductions to performances, and/or interpretive signage to aid appreciation and
 understanding of a tradition's meaning and contexts.
- Field research to identify artists unrecorded or unrecognized outside of their immediate communities. Applicants are also encouraged to document presentations supported through NYSCA funds.

Prerequisites

- A clearly articulated thematic focus for the event or series requested.
- If a folk arts activity is a component of a larger, non-folk arts program, the folk arts activity is a distinct part of the program, with its own interpretive materials, and includes promotional materials substantially publicizing the folk arts event.
- If an exhibition is requested, it focuses on traditions practiced currently practiced or within living memory.
- Personnel and consultants with appropriate cultural expertise and technical skills are involved in the proposed project. These may include, but are not limited to: folklorists, ethnomusicologists, exhibition designers, graphic designers, guest curators, publicists and/or specialists in lighting, sound reinforcement, stage management, promotion and marketing.
- Artists are appropriately compensated for presentations, with adequate travel expenses
- Programs are publicized within the communities practicing the traditions to be presented through ethnic and local media, ethnic organizations, restaurants, houses of worship, and other community sites.

Project support will generally not exceed 50% of the total expenses of a project. This means that 50% of the project income must be drawn from non-NYSCA sources.

Sponsored requests are accepted in this category. For application instructions, please review the Sponsored Application Instructions.

No more than one request may be submitted to the Folk Arts Program, with the exceptions of Folk Arts Apprenticeships, Sponsored Projects, and Regrants and Partnerships requests approved for submission by Folk Arts Program Staff. This restriction also applies to applications currently funded on a continuing multi-year basis, which are considered as within the one request limit.

Folk Arts Apprenticeships

Folk arts traditionally are transmitted from elders to younger generations in the same distinctive ethnic, regional, occupational, or religious community. Where the chain of transmission is no longer as strong as it once was, apprenticeships can stimulate the continuity of these traditional arts. Folk Arts Apprenticeships help to ensure the continuation of traditional arts by providing individuals experienced in a folk art with opportunities to study with master folk artists from their own community.

Awards for apprenticeships do not exceed \$5000.

This category is exempt from the Council's two request limit.

Priorities:

- Funding priority is for the master's fee. Other eligible expenses include travel, supplies, liability insurance costs and no more than \$200 for the recording of the skills being taught through audio, video or still photography. Project expenses may also include administrative costs of no more than \$500 if the master or apprentice(s) are not employed by the applicant organization. Awards for apprenticeships will not exceed \$5,000.
- Priority is given to apprenticeships involving the transmission of traditions no longer widely practiced.
 - Applicants are encouraged to include the master and apprentice in a public presentation following the completion of the apprenticeship.

Prerequisites

- Support in this category is intended for one apprentice to work with one master artist, except in circumstances where the art form is traditionally learned in small groups. In such cases support may be provided for apprenticeships involving more than one apprentice, but generally not exceeding three persons.
- The master artist and the apprentice are from the community practicing the tradition.
- Apprentices demonstrate experience in the art form to be taught, or a related traditional art form.
- Both the master and apprentice have worked together to develop the study plan, which indicates the sequence of lessons, what will be learned in each lesson and the skills to be mastered.

Applicants in this category do not complete a Sponsored Request Form.

Regional and County Folk Arts Programs

The Folk Arts Program supports regional and county-wide folk arts programs that carry out field research, produce public programs and provide services to artists and other organizations interested in developing folk arts activities. Regional and county programs supported through this category are carried out as a partnership of the Folk Arts Program with regional and county-wide cultural organizations.

Support is available towards the salaries of staff folklorists as well as expenses for field research on local traditions and the production of public programs.

Organizations that are not principally devoted to folk arts but have developed an ongoing folk arts program that is consistent with their mission may apply through this category. Applicants are required to consult with Folk Arts Program staff prior to submission of a request in this category.

This category is exempt from the Council's two request limit.

Eligibility Criteria:

In order to be eligible to apply for Project Support, an applicant organization must meet the following minimum criteria:

Prerequisites

- A minimum of four significant folk arts public programs each year.
- Programs are based to a significant extent upon field research with work plans of the Staff Folklorist including sufficient time for field research.
- Field research materials collected are maintained in a locally accessible archive.
- Staff folklorists have experience organizing folk arts public programs and academic training in folklore or ethnomusicology.
- The staff folklorist is employed for a minimum of three days eachweek.
- Programming and documentation deals with diverse traditions and multiple forms of folkart, and occurs in multiple venues within the organization's service area.
- Staff folklorists directly assist individual folk artists through such activities as initiating apprenticeships and assistance with promotion and marketing.
- Applicant organizations have a long-term commitment to folk arts services and programming, including direct support from a variety of revenue sources

No more than one request may be submitted to the Folk Arts Program, with the exceptions of Folk Arts Apprenticeships, Sponsored Projects, and Regrants and Partnerships requests approved for submission by Folk Arts Program Staff. This restriction also applies to applications currently funded on a continuing multi-year basis, which are considered as within the one request limit.

Sponsored Requests are Not Eligible for Support in this Category.

Regrants and Partnerships

Application to the Regrants & Partnerships Programs category is by invitation only. The Council may contract with nonprofit organizations to administer targeted funding and technical assistance in areas not directly funded by NYSCA Programs. Organizations are invited based on an identified, unmet need within a discipline by Program staff and the service profile of the applicant organization. This category covers a range of services from the administration of technical assistance funds to fees for artist appearances. Organizations applying to the Council in this category must show a willingness to reach beyond their membership in providing services or regrant awards.

This category covers a range of services from the administration of technical assistance funds to fees for artist appearances. Services can either have a long-term role in the arts community or be developed to meet a short-term need. Some organizations may use a panel review process to determine regrant awards for their projects, while others may be limited primarily to assigning and accounting for consulting services. A working knowledge of the target audience, arts discipline, and service area is essential for those organizations receiving grant contracts in this category. Organizations applying to the Council in this category must show a willingness to reach beyond their membership in providing services or regrant awards.

Administrative costs for delivery of services can vary depending on the nature, depth, and scope of the work, but should rarely exceed 15% of project costs. Organizations receiving support for regrants in this category are required to report on the distribution of funds, describing the demographics of the recipients.

Vendor Responsibility

State procurement laws require that state contracting entities award contracts only to responsible vendors. Additionally, the State Comptroller must be satisfied that the submitting business entity is responsible before approving a contract award under Section 112 of the State Finance Law. Section 163 (9)(f) of the SFL requires that prior to making an award of a contract, each contracting entity shall make a determination of responsibility of the proposed contractor.

As a result, once a state contracting entity, in accordance with the applicable procurement statute, has determined which business entity(ies) should be awarded a contract, the contracting entity must affirmatively determine that such business entity(ies) is responsible before it can award the contract to such business entity(ies) and execute any contract(s). Furthermore, the State Comptroller will not approve a contract unless he or she concurs that the business entity is responsible.

NYSCA fully reviews any and all information available which includes but is not limited to on-line presence, public records, past performance of State contracts, responsiveness, and any other information we, as the contractor may request in order to make a responsibility determination. NYSCA expects an applicant [vendor] to disclose any information or documentation relevant to the scope of the review, the contract and disclose this on the Vendor Responsibility Questionnaire as necessary.

Whether a business entity is "responsible" is a question of fact to be determined on a case-by-case basis. Based upon existing legal precedents, responsibility determinations can and should involve a review of the following four major categories:

- Does the business entity possess the integrity to perform the contract? Factors to be considered include criminal indictments, criminal convictions, civil fines and injunctions imposed by government entities, anti-trust investigations, ethical violations, tax delinquencies, debarment or suspension by a government entity, prior determinations of integrity-related non-responsibility, etc.
- 2. Has the business entity performed at acceptable levels on other government contracts? Factors to be considered include reports of less than satisfactory performance, early contract termination for cause, contract abandonment, court determinations of breach of contract, etc.
- 3. Is the business entity legally capable of performing the contract? Factors to be considered include authority to do business in New York State, licensing (e.g.

- with the Education Department or Department of State), debarment by the State Labor Department due to a prevailing wage violation, etc.
- 4. Is the business entity financially and organizationally capable of performing the contract? Factors to be considered include assets, liabilities, recent bankruptcies, equipment, facilities, personnel resources and expertise, availability in consideration of other business commitments, existence of appropriate accounting and auditing procedures for control of property and funds, etc.

Updating and certifying the online questionnaire

An online questionnaire is considered "current" if it has been certified within six months of the agency-defined due date for the questionnaire. However, even where there is a current certified online questionnaire, it is the vendor's responsibility to ensure that the questionnaire reflects any material changes that have occurred since it last certified the questionnaire.

NYSCA (or the State Comptroller's Office) may require updates at other times, such as when information has become known about a vendor that raises a concern.

To update or enroll in the New York State VendRep System, see the VendRep System Instructions available at http://www.osc.state.ny.us/vendrep/index.htm
